

MOTOKRZR™ K1

Note: Before using your phone for the first time, be sure to review the important safety information in the user's guide. Periodically review this information so you remember how to safely use your phone.

insert your SIM card

Your *Subscriber Identity Module* (SIM) card stores your phone number and other information. **Turn off your phone and remove your battery before you install or remove a SIM card.**

1

2

insert a memory card

You can store photos, sounds, and other multimedia files on a removable memory card. Your phone can support a memory card up to 2GB.

1

2

insert your battery

1

2

charge your battery

New batteries are not fully charged.

Plug the battery charger into your phone and an electrical outlet.

Your battery status icon flashes once it starts charging.

Your main display shows **Charge Complete** when finished.

essentials

turn it on & off

Press and hold  for a few seconds or until the keypad or display lights up.

To turn off your phone, press and hold  for a few seconds.

make a call

Enter a phone number and press  to make a call.

To “hang up,” press  or close the flip.

answer a call

When your phone rings and/or vibrates, just open the flip or press  to answer. To “hang up,” press  or close the flip.

HELLOMOTO

Introducing your new MOTOKRZR™ K1 GSM wireless phone.

Tip: Press the *center key*  to open the main menu and select menu options. Press the *clear/back key*  to delete letters or numbers or to go back one menu. Press the  and  keys to see different categories in lists like your **Call History** and **Contacts**.

customize

ring style

Shortcut: In the home screen, press the volume keys up or down to quickly change your ring style.

Press  >  **Settings** > **Ring Styles** > **Style:** and select:

Loud

Vibrate

Vibe Then Ring

Soft

Vibe & Ring

Silent

Tip: Your current ring style icon shows at the top of your screen.

wallpaper

Choose your display background image:

Press  >  **Settings** > **Personalize** > **Wallpaper**

screen saver

Choose the image or animation that shows when your phone is open but inactive.

Press  >  **Settings** > **Personalize** > **Screen Saver**

Tip: This feature helps save your screen, but not your battery. To extend battery life, turn off the screen saver.

phonebook

store a phone number

Note: You can store new contacts in your **phone's memory** or on your **SIM card**. Contacts on the SIM card only have a **Name** and **Number**.

Press  >  **Contacts**, then press **Options** > **Create New** > **Phone Contact** or **SIM Contact**

- 1 Enter a name and other details for the contact. To select a highlighted item, press the *center key* .
- 2 Press the **Done** key to store the number.

call a stored phone number

Press  >  **Contacts**

- 1 Scroll to the phonebook entry.
Shortcut: In the phonebook, press keypad keys to enter the first letters of an entry you want.
- 2 Press  to call the entry.

Note: You can show contacts stored in your **phone's memory** or on your **SIM card**. Press  >  **Contacts**, then press **Options** > **View** > **Phone & SIM Card**, **SIM Card**, or **Phone Contacts**.

voice commands

using voice commands

You can use voice commands to tell your phone what to do.

- 1 Press and release the **voice command key** on the right side of your phone.
- 2 Your phone says “Say a command” and shows a list of voice commands, including: **Call <Name or #>** (such as “Call 555-1212” or “Call *John*” replacing *John* with a name from your phonebook),
Send E-mail <Name>,
Send Voice Note <Name or #>,
Send Message <Name or #>, **Lookup <Name>**,
Go To <App> (such as “Go To Received Calls”,
Check <Item> (such as “Check Battery”), and
Turn Prompts Off

Tip: For voice command help, press the **voice command key**, then press the **Help** soft key.

images

take a photo & store or send it

Press  >  **Media** > **Camera** to see the camera viewfinder.

Press the *center key*  to take the photo in the viewfinder.

- To store the photo, press **Options** > **Store in Phone**.
- To send the photo in a message, press the **Send** key.

Note: Some other phones or networks do not support messages containing pictures.

- To discard the photo, press .

edit a stored photo

Press  >  **Media** > **Graphics**

- 1 Scroll to the photo.
- 2 Press **Options** > **Edit**. You can choose settings such as **Brightness** and **Contrast**, or effects such as **Blur** and **Sharpen**, **Rotate**, **Mirror**, **Borders** and **Styles**. You cannot edit some copyrighted files.

images

record a video & store or send it

Press  >  **Media** > **Video Camera** to see the viewfinder.

If you want to send your video in a message, the video length must be set to **MMS**. To set length, press **Options** > **Video Camera Setup** > **Video Length**.

- 1 Press the *center key*  to start recording the video in the viewfinder.
- 2 Press the **Stop** key to stop recording the video.
 - To store or discard the video, press the **Options** key.
 - To send the video in a message, press the **Send** key. Enter the message text, press **Send To**, and select a recipient.

Note: Some other phones or networks do not support messages containing videos.

- To discard the video, press .

memory card

see and copy files on your memory card

To **see the files** stored on your memory card, open a file list such as  **Media** > **Graphics**. Icons can indicate if a file is stored in your phone memory () or on your memory card ()

To copy or move a file **from your phone to your memory card**, highlight it in the list and press **Options** > **Manage** > **Copy** or **Move** > **Memory Card**. You cannot copy or move some copyrighted files.

To copy a file **from your memory card to a computer**, you can use a cable connection or a Bluetooth™ connection.

Note: If you download a copyrighted file and store it on your memory card, you can use the file only while your memory card is inserted in your phone. You cannot send, copy, or change copyrighted files.

Bluetooth™ wireless

use a headset or handsfree car kit

Your phone can make handsfree calls using a Bluetooth headset or car kit.

Note: The use of wireless phones while driving may cause distraction. Discontinue a call if you can't concentrate on driving. Additionally, the use of wireless devices and their accessories may be prohibited or restricted in certain areas. Always obey the laws and regulations on the use of these products.

Before you try to connect your phone with a handsfree device, make sure the device is **on** and **ready** in *pairing* or *bonding* mode (see the user's guide for the device). You can connect your phone with only one device at a time.

Press    **Settings > Connection > Bluetooth Link > Audio Devices > [Look For Devices]**

Your phone lists the devices it finds within range.

- 1 Scroll to a device in the list and press the *center key* .

Bluetooth™ wireless

- 2 Press the **Yes** or **OK** key to connect to the device.
- 3 If necessary, enter the device passkey (such as **0000**) and press the **OK** key.

When your phone is connected, the Bluetooth indicator  shows in the home screen.

Shortcut: When Bluetooth power is on, your phone can automatically connect to a handsfree device you have used before. Just turn on the device or move it near the phone. To turn Bluetooth power on, press  >  **Settings** > **Connection** > **Bluetooth Link** > **Setup** > **Power** > **On**.

For more specific information about a Bluetooth headset or car kit, refer to the instructions that came with it.
